

KEISER STRENGTH

RACKS WITHOUT AIR

Models 3107, 3108, 3112, 3113, and 3121

RACKS

JUST THE RIGHT LOOK

All Keiser Racks can be purchased without Air. We offer this option to keep all Racks looking like they came from the same family when multiple racks are purchased and the budget doesn't allow for all Racks to have Air. This way, they look like members of the same family even though some have Dynamic Variable Resistance and some don't.

Visit [keiser.com](https://www.keiser.com) to learn more.

FEATURES

- All in one system to accomplish more in less space
- Customizable workouts for all users
- A rack to fit every need
- ADA compliant - Section 44 Disabled Access Tax Credit
