

KEISER INFINITY PERFORMANCE TRAINER

Model 3010

SPEED AND FLEXIBILITY

The Performance Trainer has all of the speed benefits of the Functional Trainer, but packaged in an adjustable high-low pulley system. The cable length is shorter, but the resistance is higher. The Performance Trainer can be mounted to a wall or included in our Six Pack. With Keiser's A400 line technology, this machine seamlessly tracks performance metrics in real time, integrating with Keiser Metrics App for data-driven training optimization.

KEISER DYNAMIC VARIABLE RESISTANCE

Keiser's **Dynamic Variable Resistance** is designed to provide a smooth consistent Variable Resistance force curve at any training speed. Each machine has its own unique Variable Resistance curve designed and tuned perfectly for the muscles being used in that particular exercise. For users, this means that working out any speed, you'll always be training at maximum efficiency.

FEATURES

- Complete control of resistance levels
- Keiser smooth, consistent resistance with virtually zero shock loading
- Takes up less space and time with a small footprint and multi-user pieces that allow group training
- Unlimited possibilities for training – any load, any speed, any plane
- Versatility that allows you to customize your workout
- ADA compliant - Section 44 Disabled Access Tax Credit

SPECIFICATIONS

HEIGHT: 87" / 2210 mm

WIDTH: 24" / 610 mm

DEPTH: 12" / 305 mm

WEIGHT: 117 lbs / 53 kg

RESISTANCE:

0 – 75 lbs / 0 – 34 kg
